

**Amendment #2**  
**to the**  
**Contract for a Joint Fire Department**  
**Created on August 26, 1971.**

Whereas the joint fire department between the Village of Stockbridge and the Town of Stockbridge was created prior to state levy limits and subsequent levy limit exception (for inflation plus two percent and others that may be passed) by the state of Wisconsin for joint fire departments formed under Wis. Stats. Sec. 66.0301 (2).

Whereas the Village of Stockbridge and Town of Stockbridge have a history of cooperation predating this Wisconsin State Statute accommodation for joint fire departments making the Stockbridge Community Fire Department ineligible for the levy limit exception because Stockbridge Community Fire Department formation predates the Wisconsin State Statute.

Therefore be it resolved, the Village of Stockbridge and the Town of Stockbridge's joint fire department formed by mutual agreement on August 26, 1971 is hereby amended to now be formed under Wisconsin Statute Sec. 66.0301 (2).

Adopted by the Stockbridge Town Board the 12 day of July, 2023.
